To Whom It May Concern:

I am writing this letter to express my great satisfaction with the Enviro-Water grease trap system. We installed the system in our two newest restaurants and have been pleased with the results. The system cleans up one of the dirtiest parts of the restaurant business, making the grease trap more efficient and reducing the cleaning frequency. We think of the Enviro-Water system as an integral part of our restaurants and plan on including the system in all of our future restaurants.

Thank you,
